

# Aftermarket Parts Report

Current information on Nordco Maintenance-of-Way machine parts and kits

Issue 22 October, 2010

## Spare Parts Packages introduced for two more Nordco machines

Nordco has developed Spare Parts Packages for its Rail Crane and Nipper Clipper Maintenance-of-Way Machines. The packages include critical and frequently ordered parts. Nordco has created 27 Spare Parts Packages for most current production and many older machines. You can select the entire package, or use the list as a convenient reference when ordering parts. For a complete, searchable list of Spare Parts Packages, visit the Parts section at [www.nordco.com](http://www.nordco.com). Or, contact **Nordco Parts at 1-800-647-1724**.

SPRC01E Expanded  
SPRC01F Fleet**

## Featured product: Improved Workhead Plates, Guide Rod & Bushing

For a complete list of kits, go to Parts at [www.nordco.com](http://www.nordco.com) and click on [Search for Repair and Upgrade Kits](#).

**Part numbers:** 56120200 LEFT HAND OUTER WORKHEAD PLATE  
56120201 LEFT HAND INNER WORKHEAD PLATE  
56120202 RIGHT HAND OUTER WORKHEAD PLATE  
56120203 RIGHT HAND INNER WORKHEAD PLATE  
65630101 20" STAINLESS STEEL GUIDE ROD \*  
22034760 5.5" GUIDE ROD BUSHING

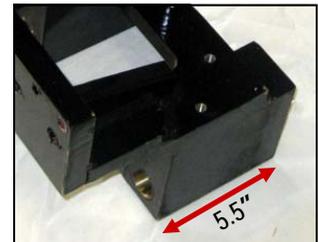

**Can be used with:** CX Hammer; C-CX Conversion;  
All Serial Numbers

**What it does:** Reduce downtime by increasing the life of the Guide Rod. Workhead Plate depth has been increased and reinforced to accept longer-lasting 5.5" Bushing and 20" Guide Rod.

**Description:** Right Hand and Left Hand Workhead Plates; 5.5" Bronze Bushing; 20" Stainless Steel Guide Rod  
\* 65630102 Chrome Guide Rod also available.

## Parts in the spotlight...

Each month we highlight new and particularly useful parts

**98411190 RIGHT HAND BOLT-ON 5/8 CUT SPIKE TRAY ASSEMBLY WITH CARBIDE INSERTS**

**98411191 LEFT HAND BOLT-ON 5/8 CUT SPIKE TRAY ASSEMBLY WITH CARBIDE INSERTS**

The August edition of the Aftermarket Parts Report announced the introduction of longer lasting Spike Trays and Tray Heads with durable carbide tiles installed on wear surfaces. The carbide tiles reduce machine downtime by extending the life of the Tray and Tray Head. Nordco has now introduced complete Bolt-On Spike Tray Assemblies with the carbide inserts. This makes it possible to replace the entire Spike Tray Assembly in one step. Spike Tray Assemblies include Tray, Tray Head Assembly, Bolt-on Guide, Feed Cylinder and Pusher Block Assembly.

## Featured product: Dacromet Bolt Kit

**Part number:** 98410835

**Can be used with:** CX Hammer  
All serial numbers

**What it does:** Special anti-corrosion coating on valve mounting bolts helps prevent them from seizing up in tapped holes and potentially breaking when manifold valves are replaced. One kit required per machine.

**Description:** Kit includes these quantities of the following items:  
36 of 10-24 X 1.25 Coated Socket Head Capscrew  
24 of 10-24 X 2.75 Coated Socket Head Capscrew  
8 of 10-24 X 4.50 Coated Socket Head Capscrew  
12 of M5 X 30mm Coated Socket Head Capscrew  
100 of 2-012 90 Durometer O-Ring

*98410835 Dacromet Bolt Kit.*

For more information on this kit, see Nordco Product Support Bulletin 2007-006. A complete, searchable library of PSBs is available in the Technical Support section at [www.nordco.com](http://www.nordco.com).

## Get machines ready for the new year with Nordco parts and kits recommendations

It's "winterization" time when MOW machinery is pulled into the shop for maintenance and upgrading before the start of the new work season. Nordco has released a new list of recommended repair and upgrade kits and parts for the CX Hammer and TRIPP Tie Exchanger. For a printable copy, go to the **Parts** page at [www.nordco.com](http://www.nordco.com) and click on "**What's New in Nordco Parts.**"
