

# Aftermarket Parts Report

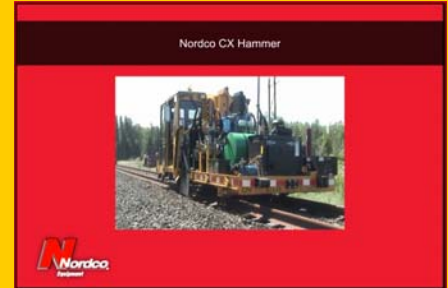

Current information on Nordco Maintenance-of-Way machine parts and kits

Issue 28 April, 2011

## Visit Nordco at the ASLRRRA Convention

If you are attending the 2011 American Short Line and Regional Railroad Association (ASLRRRA) Convention, make sure you stop by the Nordco exhibit in Booths 822 - 824. Nordco representatives will answer your questions and tell you about our complete line of Maintenance-of-Way Machinery, Parts, and Upgrade Kits. The ASLRRRA Convention takes place April 30 - May 3 at the Marriott Rivercenter and Marriott Riverwalk in San Antonio, Texas.

*Nordco's exhibit includes a video of our MOW, Rail Inspection and Rail Car Mover machinery in action. You can also view the video at [www.nordco.com](http://www.nordco.com).*

## NEW from Nordco

### Featured Product: SP2R Dacromet Bolt Kits

**Part number:** 98310102 Dacromet Bolt Kit  
(for Left Manifold 50078931)  
98310103 Dacromet Bolt Kit  
(for Right Manifold 50078932)

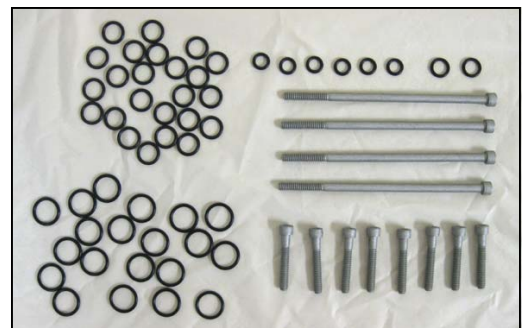

**Can be used with:** SP2R Two Rail Spike Puller  
All serial numbers

**What it does:** SP2R versions of CX Hammer Dacromet Bolt Kit (Nordco Part Number 98410835). Anti-corrosion coating on bolts helps prevent them from seizing up in tapped holes and possibly breaking when manifold valves are replaced. One of each kit required per machine.

**Description:** Each kit includes coated Socket Head Capscrews and O-Rings 90 Durometer for one manifold.

*Nordco SP2R Two Rail Spike Puller.*

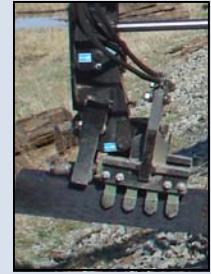

*98310103 Dacromet Bolt Kit for the Left Manifold on the SP2R. The 98310102 Dacromet Bolt Kit is for the Right Manifold.*

## Parts in the spotlight...

Each month we highlight new and particularly useful parts

**TRIPP TIE CLAMP JAWS.** Tie Clamp Jaws (also called “Grippers”) grasp ties as they are being removed or inserted by the Nordco TRIPP Tie Exchanger. Tie Clamp Jaws are coated with a special long service life material that helps ensure a secure hold on the tie. They are available for wood and concrete ties. Nordco also offers Tie Gripper Storage Kits that mount on the machine, making it possible to easily switch between concrete and wood tie operations.

46670021 TIE CLAMP JAW FOR WOOD    46670025 TIE CLAMP JAW FOR CONCRETE  
98760068 STORAGE BRACKET KIT WITHOUT GRIPPERS  
98760069 STORAGE BRACKET KIT WITH WOOD TIE GRIPPERS  
98760070 STORAGE BRACKET KIT WITH CONCRETE TIE GRIPPERS

*Tie Clamp Jaws are available for wood and concrete tie exchanging operations.*

## NEW from Nordco

### Featured Product: Front Wheel Fender Kit

Part number: 98800033

**Can be used with:** M7 Ballast Regulator/Snow Fighter  
All serial numbers

**What it does:** Platform coated with non-skid material mounts above front wheels on the M7. This creates a step allowing easier access to the upper portions of the machine during servicing. It also prevents stepping on the brake assembly or placing tools or other items on it. One kit required per machine. Install in shop or field.

**Description:** The kit includes two non-skid platforms, mounting hardware and installation drawing.

*Nordco M7 Ballast Regulator/  
Snow Fighter.*

*98800033 Front Wheel Fender Kit installed on one side of the M7.*
