

NEW from Nordco

WEAR PARTS

Featured Product: Double-Ended Track Drill Bits

Nordco has added to its selection of track maintenance machinery tools with the introduction of new **Flat Beaded Double-Ended Track Drill Bits** in various sizes. The bits can be used with a variety of rail drilling equipment. They are constructed of high-speed steel with black oxide coating for enhanced cutting performance and durability. Overall length approximately 6". Available sizes include:

- 17723845** 1" Double End Drill Bit
- 17725005** 1-1/8" Double End Drill Bit
- 17725585** 1-3/16" Double End Drill Bit
- 17726745** 1-5/16" Double End Drill Bit

Top: 17723845 1" Double End Drill Bit. Right: Bit cutting surface.

Contact Nordco Parts if you require additional Track Bit or Tie Boring Bit sizes.

NORDCO ALSO OFFERS TIE BORING BITS... Nordco recently introduced **High Speed Steel Tie Borer Bits** for machine and hand-tool applications. Overall length 9-5/8", shank 1/2" diameter.

17721530 11/16" High Speed Steel Single Flute Tie Borer Bit for use with Nordco Quad Drill. Machine applications only, do not use with hand tools.

17721531 11/16" High Speed Steel Double Flute Tie Borer Bit for use with hand tools.

17721530 11/16" Single Flute Tie Borer Bit.

Featured Product: Complete Hydraulic Vibrator Motor Kit

REPAIR & MAINTAIN MACHINE

Part number: J251414-1C

Used with: Jackson 6700 Tamper

What it does: Replace vibrator motor and related driver wear parts in a single step. The kit includes the following components:

QTY	PART #	DESCRIPTION
1	J251414-1	HYDRAULIC VIBRATOR MOTOR
1	J116309-1	DRIVER VIBRATOR
1	J115679-1	DISC DRIVE
4	J216952-1	DRIVE DOWELL PIN

Kit includes installation hardware. Motor and other components can also be purchased individually.

J251414-1C Complete Hydraulic Vibrator Motor includes all components required for installation.

Nordco offers a wide selection of Jackson 6700 parts and kits, ready for fast delivery. Contact Nordco for more information or visit the Parts section at www.nordco.com.

Visit Nordco at the ASLRRRA Convention

If you are attending the American Shortline and Regional Railroad Association (ASLRRRA) Convention make sure you visit the Nordco exhibit in booths 1001 and 1003. Representatives will be on hand to provide information and answer your questions on Nordco's complete line of track inspection products, maintenance-of-way machinery, repair and upgrade kits and exchange components. The Convention takes place April 22 - 24 at the Hilton San Diego Bayfront in San Diego, California.

Featured Machine: TRIPP Tie Exchanger

This month we are highlighting some of the most popular exchange components and repair and upgrade kits for the TRIPP Tie Exchanger, as well as some kits you may not be as familiar with. For a complete selection contact **Nordco Parts**, or visit the Maintenance-of-Way **Parts** section at www.nordco.com.

Nordco
TRIPP.

90760021 TRIPP Remover with Gripper Exchange Assembly (for wood ties): Complete boom and gripper package including all required mechanical and hydraulic components. Preassembled and ready to install.

REPAIR & MAINTAIN MACHINE

90760023: Remover with Gripper Assembly (for concrete ties)

90760025: Gripper Assembly only (for wood ties, 1 side)

98760295 Workhead Wearpad Upgrade Kit: New workhead wearpads constructed of durable, non-metallic, self-lubricating material for longer life and less maintenance.

IMPROVE MACHINE PRODUCTIVITY

98760292 Air Manifold Upgrade Kit: Features corrosion-resistant ceramic internal components instead of steel for longer component life, particularly in wet conditions. Manifold is also designed to help keep water out.

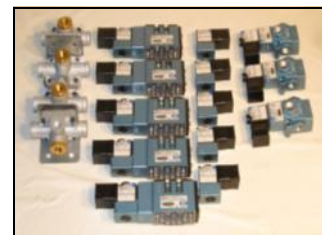

98760075 Valves and Coils Repair Kit: Selection of preventative maintenance components for TRIPP air valves. Includes (5) 1698989 24V Solenoid Valve, (5) 25534035 24V Coil, (2) 1698856 and (1) 1698857 24V Pneumatic Solenoid Valve; and (4) 1603975 Quick Release Valve.

PREVENTATIVE MAINTENANCE

98760029 Rail Clamp Wheel Kit (Non-Insulated): Replacement of all components in Rail Clamp Guide Rollers except wheels. Includes (4) Truck Wheel Axle; (8) Ball Bearing; (4) Retaining Ring; (8) Bushing; and hardware. One kit per machine. **98760030: Rail Clamp Wheel Kit (Insulated)**

98760031 Rail Clamp Lever Bushing Kit with Roller: Components to service two rail clamp levers on one machine. Includes (2) 19552002 Roller Pin; (2) 22130472 Bushing; (2) 66218544 Rail Lift Roller; (2) 86108781 Clamp Lever Spacer; (1) 86108785 Pivot Pin Washer and hardware.

7550300 Retractable Live Track Belt: Extends across door opening to warn operator of adjacent live track.

OPERATOR COMFORT & PRODUCTIVITY

From left: 98760031 Rail Clamp Lever Bushing Kit with Roller; 7550300 Retractable Live Track Belt.

From top: 90760021 Remover with Gripper Assembly; 98760295 Workhead Wearpad Upgrade Kit; 98760292 Air Manifold Upgrade Kit; 98760075 Valves & Coils Repair Kit; 98760029 Rail Clamp Wheel Kit.
