

## Featured Exchange and Rebuilt Component: Spiker Gun Assemblies

**Part number:** Various numbers, consult Nordco

REPAIR & MAINTAIN  
MACHINE

**Used with:** CX Hammer, Model C Spiker  
All serial numbers

**What it does:** Send Nordco your old inside or outside gun assembly and receive a completely refurbished, like-new component with a full factory warranty. Assemblies include spike tray, tray head, jaw mounting and spike hammer in pre-assembled, ready to install unit. Outside assemblies include guide wheel (shipped loose).

Model C assemblies available for standard and fat spikes.

Options on CX Hammer assemblies include:

- Standard and fat spikes
- Insulated and non-insulated guide wheel bushings
- Manual and power lock-ups

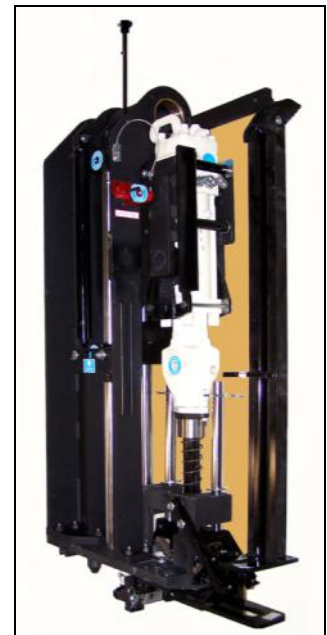

Contact Nordco to determine the Gun Exchange Assembly that is right for your application. Nordco offers a wide selection of exchange components for most Nordco maintenance-of-way machines.

Right: CX Hammer Gun Exchange Assembly. Above: Guide Wheel, included with outside gun assemblies.

Nordco CX Hammer.

## Featured Product: Jackbeam Assemblies

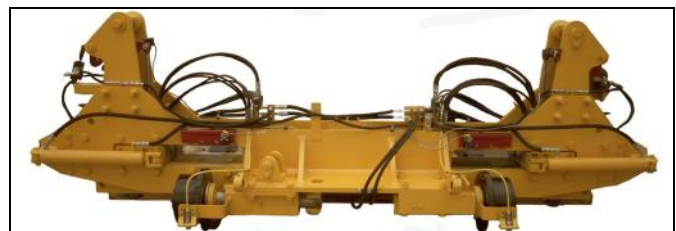

**Part number:** Various part numbers. Options include Jupiter and non-Jupiter configuration, standard and wide beam. Available as exchange component or new construction.

**Used with:** Jackson 6700 Tamper

**What it does:** Complete, ready-to-install Jackbeam Assembly. Both exchange and new construction feature heavier plate than original factory component for longer service life.

Contact Nordco to determine the right assembly for your application.
