

The Nordco SP2R Two-Rail Spike Puller makes fast work of pulling spikes in both rail and tie gangs. The SP2R can pull two spikes simultaneously from each side of each rail, a total of four at one time. The SP2R includes a fully enclosed cab, and is ergonomically designed for operator comfort, efficiency and ease-of-operation. It offers excellent operator visibility in both the work and travel modes. All components are readily accessible for maintenance.
