

PRODUCT SUPPORT BULLETIN BULLETIN NO. 292

DATE: **May 6, 1999**

MACHINE: **M3 Lag Screw Driver
M3 Lag Screw Remover
Model C Spike Driver Bulk Loader
Two Tie Screw Spiker**

SERIAL

NUMBER(S): **All except Model C Spike Driver
Model C Spike Driver s/n 410001-410200 with Bulk Loaders Only**

SUBJECT: **Add O-ring between Motor and Gearbox**

An o-ring seal, part number 35710360, must be installed between the hydraulic motor and the gearbox, part number 45744750, on these machines.

The o-ring size is 3-1/4" ID x 3-3/8"OD x 1/16" thick and will prevent water from entering the gearbox and contaminating the lubricant. The gearbox should be lubricated with 12 ounces of 80/90W gear oil.

O-rings will be supplied under warranty until October 31, 1999. Contact the NORDCO service department to request warranty o-rings. Please be prepared to provide the machine type and serial number.
