SUBJECT: BAAM Workhead Cylinder Clevis Pin Upgrade Kit 98690026

RATING: **DIRECTIVE**
(Action is required)

ALERT
(Potential Problem)

INFORMATION
(Action is optional)

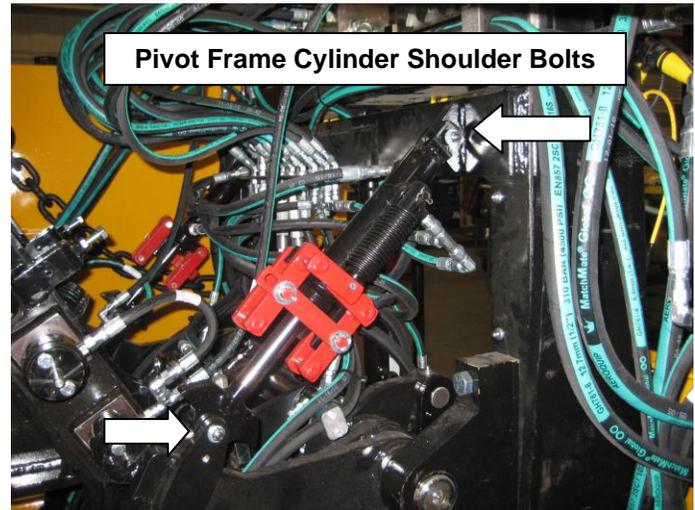

PRODUCT IMPROVEMENT
(Enhance Product)

MACHINE MODEL(S): Anchor Applicator BAAM

SERIAL NUMBER(S): BAAM S/N 690025 through S/N 690071

SUMMARY: A kit to upgrade the existing clevis pins on the Frame Up/Down Cylinder and the two Pivot Frame Cylinders to Grade 8 shoulder bolts is available by ordering P/N 98690026.

Switching to the shoulder bolts will reduce possible clevis pin surface wear and provide increased shear strength in these critical locations.

OPERATIONAL IMPACT: NONE

ACTION: Customer install would be required and LOTO procedures should be followed during installation. Allow approximately 1 hour for installation.

WARRANTY: None
