

Aftermarket Parts Report

Current information on Nordco Maintenance-of-Way machine parts and kits

Issue 7 July, 2009

It's easy to contact us anytime, anywhere about anything via the Nordco website

Need a quote on a part? Not sure which part to order for your machine? Have a question on servicing your machine? We understand it may not always be convenient to call, or maybe it's late at night or on a weekend. No problem, we've made it easy to get your questions answered and requests handled via the Nordco website. Each major section of the site - Parts, Rebuild, New Machines and Technical Support - has easy-to-use request forms that gather all the information needed for your inquiry. Just fill out the form and hit the send button. We'll get back to you next business day at the latest.

Nordco Online Parts Information Request Form.

Featured product: Window Shade Kits

Part number: Various

Can be used with: CX Hammer, TRIPP, BAAM, SP2R

What it does: Shields operator from sun, helps reduce glare and temperature inside cab.

Description: The following Window Shade Kits are available for retrofitting machines with cabs:

98410255	All CX Hammer
96690152	All BAAM
98760246	All TRIPP
460366	All SP2R standard cab (3 rear curtains)
460515	All SP2R extended cab (5 rear curtains)

Window Shade Kits are available for the Nordco SP2R Dual Rail Spike Puller and other machines.

Nordco Machine Window Shade with installation hardware.

Parts in the spotlight...

Each month we will highlight new and particularly useful parts

98800015 Rear Brake Pedal Kit: For Nordco M7 Ballast Regulator/Snow Fighter serial numbers 810301 - 800310 (except 800304). Kit consists of all the components required to install a second brake pedal for reverse operation of the machine. Improved ergonomics and safety; no need for operator to pivot to reach the brake pedal. Install in shop or field.

27299276 CX Dust Bin Cover Tarp: For all CX Hammers with Dust Suction Bulk Loader. Limits dust and debris entering the cab, improves efficiency of cab dust system. Easy installation, attaches with magnets, no special hardware required. Lift tarp for side access to chute. Two required per machine.

CX HAMMER Trouble Shooting & Service Tool Check List

Summer is the heart of the track maintenance construction season, which means it's also the busiest time of year for machine service and repair. Below is a list of Nordco tools that will assist you in servicing your CX Hammer and identifying potential problems, as well components to provide corrective action. Contact **Nordco Parts Sales** by phone or email for questions or assistance.
