Current information on Nordco Maintenance-of-Way machine parts and kits

Issue 9 September, 2009

## Identify the parts you need on hand with Spare Parts Packages

Nordco makes it easy to know which parts to keep on hand for your machine by offering Spare Parts Packages for all of our major machine types. Order the entire package to make sure you have a complete set of key components available, or use the list of parts as a guide to help you determine what you require for your inventory. To find the correct package for your specific machine, visit our website at [www.nordco.com](http://www.nordco.com) and go to **Parts**. Then click on **Spare Parts Packages**. Printable literature is available that lists all the parts included in each package.

*The BAAM Basic Package, one of 21 Nordco Maintenance-of-Way Machine Spare Parts Packages.*

## Featured product: Pressure Switch Upgrade Kit

**Part number:** 98760062

**Can be used with:** TRIPP  
All serial numbers except 760163-167, 760184-187, 760206-209, 760220-221, 760223-229, 760233-235, and 760254.

**What it does** Increased durability and improved performance; less frequent maintenance. One kit required per machine.

**Description:** Kit includes two pressure switches, bracket, adapters and installation drawings.

## These parts help the machine operator

At Nordco we are committed to designing and building the best Maintenance-of-Way machinery in the railroad industry. But even the best machine requires a skilled and experienced operator for peak performance. Here are several items designed to provide a more comfortable and efficient environment for the operator.

**22233101 Cup Holder:** Use on any machine. Made of molded soft flexible PVC, includes mounting screws. The inner step holds standard size for cans, bottles, glasses, etc. The outer step holds can in foam insulator.

**98800013 Coat Hanger:** Use on any machine with cab or roof. Reduce clutter in the operator area and machine walkways. Includes mounting hardware.

**Curtain Kits (various numbers, contact Nordco Parts):** For machines without cab. Reduce glare and debris in operator area.

**Shade Kits (various numbers, contact Nordco Parts):** For machine with enclosed cab. Reduce glare and debris in operator area.
