Parts in the spotlight...

Each month we highlight new and particularly useful parts

Spike Tray Dust Cap Kits

Nordco has introduced two kits designed to seal off the operator end of spike trays, helping to prevent dust from blowing into the machine cab. The kits are used on the CX Hammer, 99C Spiker and Model C Spiker.

98410256 Spike Tray Dust End Cap Kit consists of the End Cap and hardware to add to the original 98410220 Spike Tray Dust Chute Kit.

98410257 Spike Tray Dust Chute with End Cap Kit expands the original Dust Chute 98410220 by adding the End Cap.

98410256 Spike Tray Dust End Cap attaches to the original Dust Chute. 98410257 is a complete Dust Chute & End Cap assembly.

New Jaw Mounting Kits

Nordco has introduced three new Jaw Mounting Kits for the CX Hammer that feature stainless steel guide rods:

98412455 Standard Jaws, Stainless Steel Guide Rods without Sleeve

98412456 Standard Jaws, Stainless Steel Guide Rods with Curved Sleeve

98412457 Standard Jaws, Stainless Steel Guide Rods with Standard Sleeve

Jaw Mounting Kits reduce machine downtime by making replacement fast and easy in the field or shop. Kits are available for the CX Hammer, Model C Spiker and 99C Spiker. Go to the Parts Page on www.nordco.com and click on **Search for Repair or Upgrade Kit** for a complete list of Jaw Mounting and other kits. Or, **contact Nordco Parts** to find the kit that is right for your machine and application.

Jaw Mounting Kit with Sleeve.
