Tell the Parts Sales and Service Representative that you want to be added to the newsletter distribution list.

NEW from Nordco

Featured product: Drinking Water Cooler Assembly

Part number: 96411341 for CX Hammer
96760346 for TRIPP
96670254 for SP2R, Anchor Remover;
AA2R, NVCAR, NSCA

Can be used with: CX Hammer; TRIPP Tie Exchanger; SP2R 2-Rail Spike Puller; Anchor Remover; AA2R 2-Rail Anchor Adjuster; NVCAR V-Clip Applicator; NSCA Spring Clip Applicator
All serial numbers

What it does: Provide a machine-mounted, insulated vessel for drinking water for tie and rail gang personnel. Heavy-duty cooler, designed for industrial use, mounts on the rear of the machine. Easy installation in shop or field.

Description: Includes 10-gallon capacity cooler, mounting bracket and hardware.

The NVCAR is one of several Nordco machines that can utilize the Drinking Water Cooler Assembly.

Drinking Water Cooler Assembly.

Parts in the spotlight...

Each month we highlight new and particularly useful parts

54259810 Claw Pin Retainer replaces Clevis Pin 3301863 in all SP2R, Super Claw and Grabber machines. The new pin is more durable, especially when pulling Evergrip spikes. The 3301863 Clevis Pin is still suitable for use in non-puller applications.

54259810 Claw Pin Retainer (right) replaces Clevis Pin 3301863 in Puller applications.

98410471 Heap Limit Bulk Loader Plaque Kit consists of three warning plaques and mounting hardware. The plaques mount on the Spiker Bulk Loader, providing a highly visible warning to avoid loading spikes more than three inches over the top.

Have the right parts on hand as summertime work “heats up”

Summer means better weather and long hours of daylight, ideal conditions for track work. Our goal is to ship the parts you need as quickly as possible. However, to minimize downtime, it makes sense for you to keep certain critical, high use components on hand for quick installation. Below are some suggestions for three machine types. **For complete lists, and to determine the right part number for your specific machine, go to our website at www.nordco.com and click on **Parts**. From there you can:**

- **Search for individual parts.** Scroll to the bottom of the page to search by part number or keyword.
- **Click on Spare Parts Packages** to find recommended spare parts for most Nordco MOW machines.
- **Click on Repair and Upgrade Kits.** Search by keyword, kit number, machine type or kit component.

Or, call **Nordco Aftermarket Parts at 1-800-647-1724** and we'll help you determine the right parts and kits for your machine.
